

Sprint Plan reflection # 5

User Story	Task	Task Assigned To	Estimated Effort per Task	Actual Effort in hours	Done?	Notes
A user needs a virtual human for tygron	Implement basic agent	Karim, Noor	8 points	3 hours	Yes	We couldn't start until Friday There aren't many percepts to implement yet
	Implement basic percepts	Roy	5 points	2 hours	Yes	
	Analyse new environment	Karim	3 points	1 hour	Yes	
	Analyse Game Session developers	All	6 points	5 hours	Yes	
A User needs a strategy	Game Session Students	All	12 points	2 hours	Yes	We focused mainly on the differences with our strategy
	Create strategy plan for developers	Noor, Chantal, Paul	6 points	4 hours	Yes	

Main Problems Encountered

Description	Solution
We couldn't start coding until Friday, because we had to wait until the other group had implemented the actions	We worked on our game sessions and report
Once we started coding there were only 2 percepts and 2 actions	We implemented the basics and put other ideas in comments
