Sprint Plan reflection # 7

User Story	Task	Task Assigned To	Estimated Effort per Task	Actual Effort in hours	Done?	Notes
A user needs a virtual human for tygron	Put emotions into the strategy	Karim	1 point	1 hour	No	Had a meeting with group 3, but they are almost finished. They just need to implement the emotion into the beliefs
A User needs a strategy	Start implementing housing strategy	Noor, Paul	6 points	8 hours	Yes	
	Start implementing company strategy	Roy, Chantal	6 points	8 hours	Yes	We focused mainly on the differences with our strategy
	Update standard events	Karim	4 points	6 hours	yes	

Main Problems Encountered

	Desciption	**Solution**
Environment	Environment update was wrong	Used an old environment for now, group 1 will fix this
Build	The build action has no offices	Told group 1, for now use the build house instead of offices
Self	The virtual human doesn't now which stakeholder he is	Use a placeholder belief
Permits	Still have no permits percept	Told group 1 to priotitize this to fix it. No solution yet.
